

Individual Registration Form 2023/24

This is a formal offer from a Club Team to participate with said team through the 2023/24 Club Volleyball season.

Athletes have until Tuesday, December 12th at 6pm to consider any offers they receive over the initial tryout weekend. Clubs/Teams can not require an answer immediately following a tryout. If a Club/Team does make an offer to an athlete, they are obligated to honour that offer until December 12th at 6pm. After that time, a Club/Team can move on if they have not received a commitment from the athlete. If an athlete wishes to commit to a Club/Team immediately upon receiving an offer, they may do so. Offers are only considered binding once this form is completed on or after December 12th.

Any time following the initial tryout weekend, a Club/Team that extends an offer to an athlete must give that athlete at least 24 hours to consider the offer, and is obligated to honour that offer for those 24 hours.

Parents/Athletes should make every effort to communicate their intentions with all clubs from which they receive offers. This is a common courtesy that allows Clubs/Teams to move on to other athletes as soon as possible, if necessary.
