2025 Canada Summer Games

The Canada Summer Games are the largest multi-sport event for youth in Canada, drawing more than 4,800 athletes, coaches and support staff from all 13 provinces and territories. The games play an important role in athlete development and celebrate sport, community and culture. The 2025 Games were hosted in St. John's, Newfoundland & Labrador. Volleyball events were split over 2 weeks, with the beach volleyball competition being held during Week 1 of the games, from August 8 – 17, 2025 and Indoor Volleyball taking place during Week 2, from August 17 – 25, 2025.

Indoor

Team Manitoba's indoor volleyball rosters were finalized during selection camps held in the last week of May. These intensive three-day camps resulted in the selection of 15 athletes for the men's roster and 16 for the women's roster. Each team included 12 official roster players, with 3 alternates on the men's side and 4 on the women's. Following team selection, both groups underwent an extensive training period throughout June, July, and August, which included on-court sessions five days a week and two weekly strength and conditioning sessions. All training was hosted at Sport Manitoba and supported by additional PEP services provided through Sport Manitoba. To help offset athlete fees, both teams also organized a fundraising camp in the last week of July. Notably, three athletes from the men's roster—Matthew Brown, Ethan Baraniuk, and Simon Oberbuchner—were also selected to the U19 National Team and did not train with the CSG team during the summer. At the Games, the women's team finished 4th overall, while the men's team earned an impressive 2nd-place finish.

Beach

Manitoba sent one men's and one women's team to represent our province. All games were held at Paradise Park just outside of St. John's. Unfortunately, two days of the competition were postponed due to wildfires emerging in very close proximity to the venue. Both Manitoba teams played their first matches on Monday, then Tuesday and Wednesday matches were postponed. Once the wildfires were under control Wednesday evening, they allowed the competition to continue without any spectators. Spectators were then allowed back into the venue late during the day on Friday. Despite the issues around the venue our teams still managed to make the most of the week. The Men's team placed 4th and the Women's team placed 6th.

2025 Canada Summer Games Rosters

Boys Canada Summer Games Indoor Team

Liam Mancer
Augustine Okose
Liam Noonan
Chris Redmann
Kal-El Wilson
Matthew Brown
Eli Ulrich
